Who we are

Since its establishment in 2005, Business Solutions has been dedicated to fostering a culture of business case analysis at Nanyang Business School (NBS), Nanyang Technological University. Supported by the faculty of NBS and the Asian Business Case Centre—home to the world’s largest repository of Asian business cases—Business Solutions strives to empower our members, create meaningful experiences and build lasting friendships.

Case Competitions

Our members proudly represent NTU and Singapore in various local and international business case competitions, achieving remarkable success and results.

Case Training

Our members participate in an intensive 10-week case training program designed by our training department. This program offers significant learning opportunities and focuses primarily on developing case analysis and presentation skills. It lays the foundation for our members to excel in case competitions and grow as individuals.

Industry Development

We take pride in nurturing our members and equipping them with a competitive career edge. Our alumni go on to achieve remarkable success in their various fields.
